INDEPENDENT ACCOUNTANTS' REPORT
ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors
Flint Hills Metropolitan Planning Organization
Fort Riley, Kansas

We have performed the procedures enumerated below on the accounting records of **Flint Hills Metropolitan Planning Organization** for the year ended December 31, 2025. **Flint Hills Metropolitan Planning Organization's** management is responsible for the accounting records.

Flint Hills Metropolitan Planning Organization has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose as required in accordance with K.S.A. 75-1122(b). Additionally, the State of Kansas, Division of Accounts and Reports, has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Procedure 1 – Cash Receipts
For three separate months, we traced non-mail cash receipts from the receipt book to the bookkeeping records to determine if the receipts were properly recorded. Also, for the same three months, we traced bookkeeping entries for cash receipts to the bank statement to determine if receipts were deposited intact and on a timely basis. No exceptions were found.

Procedure 2 – Cash Disbursements
For approximately ten percent of the non-payroll cash disbursements, we traced disbursements from the bookkeeping records to the related invoice, bank statement, and canceled check. The following exception was found:

- Per review of the 5 expenditure selections paid for by credit card, debit transaction or check for the year ended December 31, 2025, all selections were lacking formal approval for payment by an individual other than the individual paying the disbursement and reconciling the bank statement.

Procedure 3 – Credit Cards
For two months, we verified that all credit cards are issued solely in the Organization's name and that credit card transactions comply with internal policies, including proper authorization and accurate expenditure classification. No exceptions were found.

Procedure 4 – Year End Cash
We tied the Organization's total cash per books at year end to source documents. Also, we examined the bank reconciliation for the last month of the year to ensure it was reconciled. We confirmed bank balances and ensured that bank reconciliations were being approved and completed in a timely manner. The following exception was found:

- A check dated 1/9/2026 in QuickBooks to Empower Retirement for $500 was cleared on the December 2025 bank reconciliation, which caused the bank balance not to agree with the calculated bank balance per the bank reconciliation.

Procedure 5 – Payroll
We examined payroll a minimum of one month to determine that deductions agree with employee elections and that payroll withholdings and taxes are accurately remitted. The following exception was found:

- The paycheck to Jared Tremblay on 11/8/2025 did not have an employee deduction for KPERS.

Procedure 6 – Encumbrances and Accounts Payable
We examined evidence of encumbrances and accounts payable and determined if they were properly stated in the financial statement as of the end of the year. The following exceptions were found:

- Per review of the December 31, 2025 accounts payable balance, the outstanding liability balance at December 31, 2025 should have been $87,862.03. The accounts payable liability balance per the balance sheet at December 31, 2025 was $0.00. The accounts payable liability balance was understated by $87,862.03 at December 31, 2025.

- Per review of the December 31, 2025 payroll liability balance, the outstanding liability balance at December 31, 2025 should have been $65.00. The payroll liability balance per the balance sheet was $96,706.74. The payroll liability balance was overstated by $96,641.74 at December 31, 2025.

Procedure 7 – Comparison with Prior Year
We compared total cash receipts, total cash disbursements, encumbrances and accounts payable, and ending unencumbered cash balance for the current year with the same financial statement items for the prior year and examined any variances greater than 25%. The following variances were found:

- Per review of the unadjusted statement of financial position for the year ended December 31, 2025, ending unencumbered cash balance increased by $152,132.38 or 141.87%. This increase was due to increased income from the Big Blue River project during the year that hadn't yet been spent on the project as of year-end.

- Per review of the unadjusted statement of financial position for the year ended December 31, 2025, total credit cards liability increased by $329.56 or 845.89%. This increase was due to more charges made in December 2025 on the Organization's credit cards.

- Per review of the unadjusted statement of activity as of December 31, 2025, total income increased by $216,322.44 or 73.71%. This increase was due to receiving $71,605.86 more in reimbursements from KDHE along with receiving $150,000.00 for the Big Blue River project in 2025.

Procedure 8 – Other Procedures
We performed other procedures as listed in the schedule of agreed-upon procedures. The following exceptions were found:

- Per review of the board meeting minutes, the previous month's expenditures were not reported in the minutes being approved by the Board.

- The Organization determined that it is not required to have a surety (fidelity) bond and, as such, has not obtained surety (fidelity) bond coverage for employees.

Procedure 9 – Compliance Checklist
We reviewed the general and entity specific compliance checklists. No exceptions were found.
