**INDEPENDENT AUDITORS' REPORT**

Board of Directors  
Rural Water District No. 1  
Woodson County, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Rural Water District No. 1, Woodson County, Kansas, as of and for the year ended December 31, 2018, and the related notes to the financial statement.

***Management's Responsibility for the Financial Statement***

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 2; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 2 of the financial statement, the financial statement is prepared by the Rural Water District No. 1 on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Rural Water District No. 1 as of December 31, 2018, or changes in financial position and cash flows thereof for the year then ended.

#### ***Unmodified Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Rural Water District No. 1 as of December 31, 2018, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 2.

#### ***Other Matters***

##### ***Supplemental Information***

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The individual fund schedules of regulatory basis receipts and expenditures-actual and budget (Schedule 1 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 2.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Rural Water District No. 1, Woodson County, Kansas as of and for the year ended December 31, 2017 (not presented herein), and have issued our report thereon dated February 15, 2018, which contained an unmodified opinion on the basic financial statement. The 2017 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://admin.ks.gov/offices/chief-financial-officer/municipal-services>. The 2017 actual column (2017 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended December 31, 2018 (Schedule 1 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2017 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 basic financial statement. The 2017 comparative information was subjected to the auditing procedures applied in the audit of the 2017 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2017 basic financial statement or to the 2017 basic financial

statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2017 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2017, on the basis of accounting described in Note 2.

***Other Information***

The Schedule of Officers and Directors (Schedule 2 as listed in the table of contents) has not been subjected to the auditing procedures applied in the audit of the basic financial statement and, accordingly, we do not express an opinion or provide any assurance on it.

## **RURAL WATER DISTRICT NO. 1**

Woodson County, Kansas

Notes to Financial Statement

December 31, 2018

### **1. NATURE OF ORGANIZATION**

#### Organization and Purpose

Rural Water District No. 1, Woodson County, Kansas, (the District) sells water to customers in Woodson, Allen, and Wilson counties. The District sells water purchased from the City of Yates Center, Kansas and Public Wholesale Water Supply District No. 23.

### **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### Financial Reporting Entity

Rural Water District No. 1, Woodson County, Kansas, is a municipal corporation governed by an elected seven-member board. The District has developed criteria to determine whether outside agencies with activities which benefit the residents of the District should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility on financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters, scope the public service, and significant operational or financial relationships with the District.

The District has determined that no outside agency meets the above criteria and, therefore, no outside agency has been include as a component unit in these financial statements.

#### Regulatory Basis Fund Types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds comprise the financial activities of the Rural Water District No. 1, Woodson County, Kansas for the year of 2018:

Business fund – funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.)

#### Basis of Accounting

*Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America.* The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### Basis of Accounting (Continued)

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

### Income Taxes

The Rural Water District No. 1, Woodson County, Kansas, is recognized by the Internal Revenue Service as a quasi-municipal corporation, under K.S.A. 88a-616, and is exempt from Federal and state income taxes. Accordingly, these financial statements do not include a provision for income taxes.

### Use of Estimates

Estimates and assumptions are used by management in preparing the financial statements. Those estimates and assumptions affect the reporting amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses.

### Budgetary Information

Rural water districts are not subject to Kansas statutes requiring a legally adopted budget.

## **3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

### Compliance with Kansas Statutes

Statement 1 is designed to show compliance with the cash basis laws of Kansas. As shown in Statement 1, the District was in apparent compliance with the cash basis laws of Kansas.

Management is not aware of any other statutory violations.

## **4. DEPOSITS AND INVESTMENTS**

K.S.A 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main branch or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

*Concentration of credit risk.* State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

**4. DEPOSITS AND INVESTMENTS (Continued)**

*Custodial credit risk – deposits.* Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka.

At December 31, 2018, the carrying amount of the District's deposits was \$208,070.39 and the bank balance was \$210,931.46. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, \$210,931.46 was covered by Federal depository insurance.

**5. BENEFIT UNIT DEPOSITS**

Members joining the water district are required to make a deposit of \$1,500.00 for a benefit unit. Prior to March 1991, the deposit per benefit unit was \$1,500.00. From March 1991 to June 2001, the required deposit was \$750.00; it was then raised to \$775.00, which was in effect through November 30, 2006. The rate was then raised to \$1,000.00 until December 31, 2010, when it was raised to \$1,100.00. As of May 1, 2017 it was raised to the current amount of \$1,500.00. In 2018 there were six benefit units added to the District totaling \$9,000.00.

**6. ECONOMIC DEPENDENCY**

Currently, the District purchases water from the City of Yates Center, Kansas. To continue serving its patrons, the District is dependent upon the city to provide adequate, reasonably priced water. All water sales are made to residents in the area of the District. Accordingly, the District's operations are dependent upon the ability to purchase water from the City of Yates Center, Kansas.

In 2010, under the terms of a forty-year agreement between the entities, the District began to purchase part of its water from Public Wholesale Water Supply District No. 23. Each month, the District must pay for a minimum of 700,000 gallons of water.

## 7. LONG-TERM DEBT

Changes in long-term debt for the District for the year ended December 31, 2018, were as follows:

Issue	Interest Rate	Date of Issue	Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
Community National Bank & Trust	3.125%	2012	\$ 223,512.98	2019	\$ 37,711.02	\$ -	\$ 28,794.36	\$ 8,916.66	\$ 1,206.26
Total Contractual Indebtedness					<u>\$ 37,711.02</u>	<u>\$ -</u>	<u>\$ 28,794.36</u>	<u>\$ 8,916.66</u>	<u>\$ 1,206.26</u>

Current maturities of long-term debt and interest for the next five years and in five year increments through maturity are as follows:

Issue	2019	Totals
Community National Bank & Trust		
Principal	\$ 8,916.66	\$ 8,916.66
Total Principal Payments	<u>8,916.66</u>	<u>8,916.66</u>
Community National Bank & Trust		
Interest	<u>11.47</u>	<u>11.47</u>
Total Interest Payments	<u>11.47</u>	<u>11.47</u>
Total Principal and Interest	<u>\$ 8,928.13</u>	<u>\$ 8,928.13</u>

## **8. DEFINED BENEFIT PENSION PLAN**

### General Information about the Pension Plan

*Plan description.* Rural Water District No. 1, Woodson County participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at [www.kpers.org](http://www.kpers.org) or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

*Contributions.* K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate (for the Death and Disability Program) and the statutory contribution rate was 8.39% for the fiscal year ended December 31, 2018. Contributions to the pension plan from Rural Water District No. 1, Woodson County were \$12,454.70 for the year ended December 31, 2018.

### Net Pension Liability

At December 31, 2018, District's proportionate share of the collective net pension liability reported by KPERS was \$89,774.00. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2018. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at [www.kpers.org](http://www.kpers.org) or can be obtained as described above.

## **9. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS**

### *Death and Disability Other Post-Employment Benefits*

*As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2018.*

### *Compensated Absences*

All full-time employees are allotted two weeks of vacation after one year of service. Vacation must be taken within the year and may not be accumulated. All full-time employees are allotted ten days of sick leave per year effective sixty days after employment. Sick leave does not accumulate.

A liability should be accrued for compensated absences which meet the following criteria:

1. The District's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

In accordance with the above criteria, the District has estimated a liability for vacation pay to be \$0.00 because all amounts were paid out prior to December 31, 2018. The District has not accrued a liability for sick pay, which has been earned, but not taken by District employees, inasmuch as the amount cannot be reasonably estimated at this time.

## **10. CONCENTRATION OF RISK**

The District's customers are located in Woodson, Allen, and Wilson counties. Risk of accounting loss exists from the possibility that several customers would no longer purchase water from the District. Impact of potential risk cannot be determined. Accounts receivable consist of unsecured receivables from the sales of water to customers of the District. The District is subject to the credit risk inherent in the rural water district business.

## **11. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets, errors and omissions; injuries to employees; employees' health and life; and natural disasters. The District manages these risks of loss through purchase of various insurance policies.

## **12. OTHER INFORMATION**

- (a) All local, state and Federal taxes are currently paid.
- (b) Number of water users: 2018 - 751

## **13. SUBSEQUENT EVENTS**

There were no subsequent events requiring recognition in the financial statement. Additionally, there were no nonrecognized subsequent events requiring disclosure.

Board of Directors  
Rural Water District No. 1  
Woodson County, Kansas

In planning and performing our audit of the financial statement of Rural Water District No. 1, Woodson County, Kansas, as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Rural Water District No. 1's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Rural Water District No. 1's internal control. Accordingly, we do not express an opinion on the effectiveness of the Rural Water District No. 1's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies in Rural Water District No. 1's internal control to be material weaknesses:

#### Preparation of Financial Statement

Accounting standards states the client must be able to accept responsibility and be able to identify a material misstatement when reviewing the financial statement, including footnotes and supplemental information. This would also include knowing if a required footnote disclosure was missing or not correctly stated. Presently, the District staff does not have the ability to process and prepare the required financial statement, including footnotes. The potential effects of this material weakness could be unrecognized errors on the financial statement. While we recognize that this condition is not unusual for a District your size, it is important that you be aware of this condition for financial reporting purposes. Management and the Board should continually be aware of the financial reporting of the District and changes in reporting requirements.

### Segregation of Duties

An internal control structure is, quite simply, the procedures and policies in effect which ensure that the District's financial activity is properly recorded, processed, summarized, and reported in the financial statements. A weakness in the control structure occurs when one person is responsible for all of the accounting activities such as performing billings, receipting cash, making deposits, reconciling the bank accounts, and having access to all books and records of the District. Due to small staff size, it is not possible for reviews of daily work to take place, potentially resulting in errors in financial records and reports.

This communication is intended solely for the information and use of management, Board of Directors, and others within the District, and is not intended to be, and should not be, used by anyone other than these specified parties.
