INDEPENDENT AUDITORS' REPORT

Board of Education
Unified School District No. 364
Marysville, Kansas 66508

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 364, Marysville, Kansas, as of and for the fiscal year ended June 30, 2019 and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1.C; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles

As described in Note 1.C of the financial statement, the financial statement is prepared by Unified School District No. 364, Marysville, Kansas, on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1.C and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 364, Marysville, Kansas, as of June 30, 2019, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 364, Marysville, Kansas, as of June 30, 2019, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.C.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds, schedule of regulatory basis receipts, expenditures and unencumbered cash-district activity funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.C.

NOTES TO THE FINANCIAL STATEMENT
JUNE 30, 2019

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Municipal Financial Reporting Entity

Unified School District No. 364 is a municipal corporation governed by an elected seven-member board. This regulatory financial statement presents Unified School District No. 364 (the District) and does not include any related municipal entities.

B. Regulatory Basis Fund Types

In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. The following regulatory basis fund types comprise the financial activities of the District for the fiscal year 2019:

General fund - the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose fund - used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest fund - used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital project fund - used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Trust fund - funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency fund—funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

C. Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America--The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no

future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirements for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

D. Reimbursements

The District records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under KMAAG regulatory basis accounting.

E. Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding fiscal year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The District published the budget August 2nd and the hearing and adoption of the budget was August 20th. The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments made by the District in FY19.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

E. Budgetary Information (cont.)

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital projects funds, trust funds, and the following special purpose funds: Contingency Reserve, Textbook and Student Revolving, and all federal programs and grant funds. Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

F. Property Tax

The county clerk calculates the final tax levy rates necessary to finance the budget subject to any legal limitations. After all budgets have been received and tax rates calculated, the clerk certifies the tax roll to the county treasurer, who prepares tax statements and receives payment.

Taxes become a lien against all property November 1st. Taxpayers have the option of paying in full or in two installments. The delinquency dates are December 21st and May 11th. Delinquent taxes were assessed interest at 10% per annum for the calendar year 2018 and 11% per annum for calendar year 2019. This interest is retained by the county.

Taxes levied to finance the budget are made available to the District after January 1st and are distributed by the county treasurer approximately every month and a half. At least 50% of the taxes levied are available in January. Delinquent tax collections are distributed throughout the year.

2. DEPOSITS AND INVESTMENTS

As of June 30, 2019, the District had the following investments and maturities.

Investment Type	Cost	Fair Value	Investment Maturity Less than 1 yr.	Rating U.S.
Cavanal Hill Treasury Fund	\$ 9,262.50	\$ 9,262.50	\$ 9,262.50	AAA by S&P

2. DEPOSITS AND INVESTMENTS (cont.)

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices. The rating of the District's investments is noted above.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District's allocation of investments as of June 30, 2019, is as follows:

<u>Investments</u>	<u>Percentage of Investments</u>
Cavanal Hill US Treasury	0%
Kansas Municipal Investment Pool	100%

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2019.

At June 30, 2019, the carrying amount of the District's deposits, including certificates of deposits, was \$3,073,324.94. The bank balance was \$3,492,781.33. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$500,000.00 was covered by FDIC insurance and \$2,992,781.33 was collateralized with securities held by the pledging financial institution's agent in the District's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At June 30, 2019, the District had invested \$9,262.50 in the Money Market Funds of the Bond Trustee, BOK Financial, which is secured by U.S. Government Securities. The District also had invested

2. DEPOSITS AND INVESTMENTS (cont.)

\$4,061,924.97 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

3. IN-SUBSTANCE RECEIPT IN TRANSIT

The District received \$185,774.00 subsequent to June 30, 2019 and as required by K.S.A. 72-5135 and 72-5145 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2019.

4. LONG-TERM DEBT

General Obligation School Building Bond Series

In November, 2015, the District passed a resolution for General Obligation School Building Bond Series 2015 for \$16,000,000.00 and in May, 2016, the District passed a resolution for General Obligation School Building Bond Series 2016 for \$9,690,000.00.

QZAB Series

The District entered into a lease purchase agreement with the Bank of Kansas City, Kansas City, Missouri for energy improvements. The energy improvements were funded by Qualified Zone Academy Bonds which were purchased by two local banks. The QZAB Series 2010A have a tax credit of 5.85% and the QZAB Series 2010B have an interest rate of 5.85%. The lease purchase agreement is set up for basic rent payments and to be limited to payment from available revenues and will constitute a current expense of the District and not debt of the District. The Series 2010A basic principal payments are put in a QZAB Sinking Fund of the District each year in order to pay the full \$950,000 in the final year 2022. For FYE19 the District has \$633,333.36 balance in the sinking fund. Since no payments are actually paid out till that date, the principal remains the same till the final year. The U.S. Treasury was supposed to pay for the entire interest due for the Series 2010B but due to the sequestration the District had to pay 6.2% of the \$20,840.62 interest due in FYE 19. The June 29th payment of interest of \$9,262.50 was paid out on July 1, 2019, due to the weekend. The rate the U.S. Treasury will pay will vary over the years. Interest payments projected below are calculated using the latest rate available which is that the District will have to pay 5.9% of the interest amount due. The Series 2010B basic principal payments and interest are paid to the local bank each year. The schedule of basic rent payments as of June 30, 2019, for the Series 2010A and Series 2010B Certificates are shown below for informational purposes.

6. DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 16.38% and 12.01% respectively, for the fiscal year ended June 30, 2018. The actuarially determined employer contribution rate and the statutory contribution rate was 14.59% and 13.21% for the fiscal year ended June 30, 2019.

Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERS were decreased by \$64,130,234 for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulated that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year. The first year payment of \$6.4 million was received in July, 2017.

6. DEFINED BENEFIT PENSION PLAN (cont.)

Per 2017 Senate Substitute for House Bill 2002, Section 51(a), state general fund employer contributions to KPERS were decreased by \$194,022,683 for the fiscal year ended June 30, 2019. Section 56(19) of the bill also stipulated that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2020. The level dollar amount was computed to be \$19.4 million per year.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$617,173.57 for the year ended June 30, 2019.

Net Pension Liability

At June 30, 2019, the District's proportionate share of the collective net pension liability reported by KPERS was \$8,274,780. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017 which was rolled forward to June 30, 2018. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2018. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

7. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

Other post-employment benefits. As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Fringe Benefits. Each teacher shall be entitled once annually to elect to have a portion of the teacher's salary set aside on a Plan 125 not to exceed, \$10,000. The plan may pay for group health insurance or the following programs: term life insurance up to \$50,000.00, salary protection insurance, child care, and supplemental medical insurance such as dental, vision, and cancer.

7. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS (cont.)

The District will participate in the State of Kansas Employee Healthcare Program for school districts for as long as the District meets the requirements to participate. If for some reason the District does not meet the participation enrollment requirements all new employees will be required to enroll in the District health insurance. If the District no longer qualifies to participate in the state health insurance program, the District will contribute a matching amount to a new health insurance plan.

Compensated Absences. The District's policies regarding vacation and sick leave are: Each full time teacher shall earn 12 days personal leave. Days not used shall roll over to either banked or sick leave. Banked leave is capped at 12 days and sick leave capped at 78 days; the superintendent is allowed twelve days leave accumulative to 102 days and 12 days vacation; the principals are allowed twelve days leave accumulative to 102 days; District employees who have a nine month contract are allowed six days sick leave accumulative to 100 days; District employees who have over a nine month contract are allowed an extra day per month; ten days sick leave accumulative to 100 days; the custodians, secretaries, and U.S.D. clerk who have a twelve month contract are allowed 10 sick days and 5 days of vacation the first year of employment and 10 days of vacation thereafter; the director of building and grounds and the director of transportation are allowed 10 sick days accumulative to 100 and 12 days of vacation; the director of technology is allowed 12 days sick leave and 12 days' vacation accumulative to 102 days.

Liability for compensated absences is not reflected in the financial statements.

Termination Benefits. The Negotiated Agreement for FYE 19 provided that teachers retiring under KPERS would be compensated \$750.00 if the notification was by the January board of education meeting. One teacher took advantage of this for the year ended June 30, 2019.

8. CAPITAL PROJECTS

Capital project authorizations with approved change orders compared with expenditures from inception are as follows:

	<u>Project Authorization</u>	<u>Expenditures To Date</u>

9. COMMITMENTS AND CONTINGENCIES (cont.)

Grant program involvement

The District participates in federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grant government. As of the date of this report, District management believes that any disallowed expenditures based on any future audits will not have a material effect on the overall financial position of the District.

10. SUBSEQUENT EVENTS

The District's management has evaluated events and transactions occurring through January 15, 2020, the date which the financial statement was available to be issued.

11. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Finance-Related Legal and Contractual Provisions

The District appears to be compliant with finance-related legal and contractual provisions.

12. RELATED PARTY TRANSACTIONS

The related parties in a governmental entity include board members, administrative officials, and immediate families of board members and administrative officials. Required disclosures on related party transactions do not include compensation arrangements, expense allowance and similar items incurred in the ordinary course of operations. The following is required for disclosure:
