SUMMARY: FY 2022 Private Reimbursement Mileage Rates

The Internal Revenue Service (IRS) has announced the standard mileage rates effective July 1, 2021. All rates remain unchanged. The IRS rate for privately owned automobiles remains 56 cents per mile, the motorcycle rate remains 54 cents per mile, the moving reimbursement rate remains 16 cents per mile, and the airplane reimbursement rate remains \$1.26 per air mile.

K.S.A. 75-3203a provides that the mileage reimbursement rates shall not exceed the lowest of the following:

1. the rate allowed by the IRS;
2. the rate used in preparing the governor's budget report under K.S.A. 75-3721, and amendments thereto; or
3. any revision of the rate as specifically directed in appropriation acts of the legislature.

Thus, per the requirements of K.S.A. 75-3203a, the Department of Administration has published the rates for mileage reimbursement for FY 2022, effective July 1, 2021:

- 56¢ per mile for privately owned automobile
- 54¢ per mile for privately owned motorcycle
- \$1.26 per mile for privately owned airplane (based on air miles rather than highway miles)
- 16¢ per mile for moving mileage rate
