Re: Contract Award for EVT0005464

This Procurement Negotiating Committee was appointed, in accordance with K.S.A. 75-37,102, to secure contracts to provide managed care for the Kansas Medicaid and CHIP programs. Services included are physical health, pharmacy, behavioral health, and long term care, including nursing facility care and home and community based services. These services will be provided statewide and included Medicaid funded inpatient and outpatient mental health and substance abuse disorder services.

Request for Proposal EVT0005464 was subsequently issued with addenda; proposals were received and evaluated to determine responsiveness to the RFP, with six vendors submitting proposals. The technical and cost proposals of each vendor were evaluated.

Final evaluations were made of each proposal by the Kansas Department of Health and Environment (KDHE), the Kansas Department for Aging and Disability Services (KDADS) staff with a recommendation to this committee for award of contracts to Aetna Better Health of Kansas, Sunflower State Health Plan and United Healthcare. The three recommended vendors submitted proposals which best met the technical requirements and expectations of the State of Kansas. After a final review of all documentation, we concur and direct that contracts be awarded to Aetna Better Health of Kansas, Sunflower State Health Plan and United Healthcare.

Signed by the Procurement Negotiating Committee,
