

Appendix MH1 {Response to Questions 152 & 260}

The following system of behavioral health classification applies:

1. Behavioral Health Disorder:
 - a. Level 1 = No current behavioral health diagnosis
 - b. Level 2 = Paraphilic or Personality disorder present
 - c. Level 3 = Other Mental Disorder present
 - d. Level 4 = Serious Mental Disorder present
 - e. Level 5 = Intellectual Disability, Autism Spectrum, or Neurocognitive Disorder present
 - f. Level 6 = Severe and Persistent Mental Illness present
2. Functionality:
 - a. Level 1 = Individual is capable of independent daily living.
 - b. Level 2 = Individual currently experiences minor problems in daily living skills; may require occasional staff support for functioning.
 - c. Level 3 = Individual currently experiences mildly impaired daily living skills with regularly scheduled reminders needed. Regular staff support is required to maintain stability.
 - d. Level 4 = Individual currently experiences moderately impaired daily living skills with daily reminders or assistance. Frequent staff interventions and/or placement in residential, reintegration, or high acuity units is required.
 - e. Level 5 = Individual currently experiences severely impaired daily living skills with intensive supervision needed. Individual is unable to live independently.
3. BH Treatment:
 - a. Level 1 = Does not currently require behavioral health treatment.
 - b. Level 2 = Currently requires time-limited treatment by a QBHP.
 - c. Level 3 = Currently requires on-going treatment, including possible medication management.
 - d. Level 4 = Currently requires special needs monitoring.
 - e. Level 5 = Currently requires behavioral health structured reintegration.
 - f. Level 6 = Currently requires intensive mental health placement.
4. Housing:
 - a. Level 1 = May be housed at any facility.
 - b. Level 2 = Must be housed at a facility with on-site BH services.
 - c. Level 3 = Must be housed at a facility with on-site, comprehensive mental health services, including psychiatric care and crisis level beds.
 - d. Level 4 = Recommended housing at a facility with on-site psychiatric care and extended behavioral health staffing hours.
 - e. Level 5 = Recommend residential placement due to mental disorder.
 - f. Level 6 = Recommend housing in an IRU.
 - g. Level 7 = Recommended placement at LSSH.
