When Preference Applies

Preference in hiring applies to regular positions in the classified service where positions have been identified as Veterans Preference’ Eligible (V.P.E). Preference also applies to these positions when agencies make promotional appointments, or when downsizing occurs.

Veterans’ Preference does not require an agency to use any particular selection or hiring process. Agencies have broad authority under law to hire from any appropriate source of eligibles including special hiring authorities.

How Jobs Are Filled

All job postings, announcements, and advertisements will inform applicants that the vacancy is Veterans Preference Eligible (V.P.E), and will include preferred requirements, and the selection and hiring methods to be used in determining who is hired.

Veterans who are eligible for preference and who meet the competency requirements of the positions will qualify to participate in the selection process.

At each stage of the selection and hiring process, veteran candidates will be given preference. However, any preference given beyond an interview for veterans who meet the requirements of the position is determined by the hiring agency and is not absolute.

For questions or concerns about Veterans’ Preference, contact the veterans’ employment coordinator at 1-785-296-4714.

What is Veterans’ Preference

In recognition of the sacrifices made by those serving in the Armed Forces, the State of Kansas enacted laws to prevent veterans seeking State employment from being penalized because of time spent in military service. Veterans’ Preference recognizes the economic loss suffered by citizens who have served their country in uniform, and restores veterans to a favorable competitive position for Government employment. Veterans’ Preference is not so much as a reward for being in uniform as it is a way to help make up for the economic loss suffered by those who answered the nation’s call to arms.

Eligible veterans who meet minimum and preferred competency requirements for Veterans’ Preference eligible positions receive preference for employment, promotional opportunities, and a higher retention standing in the event of reductions in workforce. Qualified veterans are guaranteed an interview for the position for which they apply. However, the Veterans’ Preference laws do not guarantee the veteran a job, nor do they guarantee a job in internal agency actions such as promotion, transfer, and reinstatement.
