*TOP Partial Matches for 03/28/2016*

The KTOP system has sent your debts to match against federal non-tax payments and has received the following list of 'partial matches'. The federal TOP program was able to match a payment to the debtor's TIN, but not the name. An offset did NOT occur for these debtors. In order to ensure that an offset occurs if a future payment is made to the TIN, your agency will need to verify the mismatched payee name and inform KTOP if the alias should be added to the debtor. To add the name as an alias within the KTOP system, please contact [ktop@da.ks.gov](mailto:ktop@da.ks.gov) with a list of the debtor codes and debtor names. Both can be found below.

Match Date	Debtor Code	Debtor Name in KTOP	Mismatched Payee Name in TOP	TIN
