EVERY HAND

GEL HAND SANITIZER

The all new brand of hand sanitizer, Every Hand™, is manufactured in Willis, TX by the highest standards, following all government health guidelines to help reduce bacteria that potentially can cause disease. It is 99% tough on germs while being gentle on your hands.

GEL

Drug Facts

Active Ingredient
Alcohol 70% v/v

Purpose
Antiseptic

USES Hand sanitizer to help reduce bacteria that potentially can cause disease. For use when soap and water are not available.

WARNINGS For external use only. Flammable. Keep away from heat or flame.

DO NOT USE On children less than 2 months of age • on open skin wounds • Keep out of eyes, ears and mouth • In case of contact with eyes, rinse eyes thoroughly with water. Stop use and ask a doctor if irritation or rash occurs. These may be signs of a serious condition. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions • Place enough product on hand to cover all surfaces. Rub hands together until dry. • Supervise children under 6 years of age when using this product to avoid swallowing.

Other Information Store between 15-30C (59-86F) • Avoid freezing and excessive heat above 40C (104F)

Inactive Ingredients Water, Crosspolymer, Carbomer, Isopropyl Myristate, Glycerin, Vitamin E

FEATURES & BENEFITS

- Kills 99% of all germs and bacteria. This quick drying gel has a minor watery consistency, but is held together by a fast drying gel that has a an alcohol (70%).
- EASY: Flip the cap and gently squeeze for a smooth gel application that evaporates quickly once applied.
- 70% ALCOHOL - Every Hand Sanitizer Contains 70% Alcohol. The 70% alcohol meets the guidelines outlined by the W.H.O. (World Health Organization) and C.D.C. (Center of Disease Control and Prevention)

CLEANING WIPES

Cleaning Wipes are ideal for hands as well as surfaces. Manufactured in Texas and available in an easy-pull, large bucket with 380 or 730 wipes that are 7 x 6.6 inches (17.8 x 16.8 cm).

Cross contamination of hard surfaces happens anywhere people work and play. Manufacturing and industrial facilities, assisted living facilities and nursing homes, doctors' offices, daycare centers, grocery stores, and fitness centers are just a few of the locations where viruses, bacteria and disease can be spread from one hard surface to another. Reducing the spread of germs must be part of a daily routine. The solution: wipe it away!

FEATURES & BENEFITS

- Convenience: Exceptional cleaning performance of Every Hand in the form of pre-moistened wipes
- Multi-Surface Use: Hands and other surfaces.
- Simply Clean: No streaking or residue
- Easy-Pull-Lid: Easy to get started and eliminates waste
- 2-packs of refills available for purchase

Drug Facts

Active Ingredient

Alcohol 70% by volume

Purpose

Antiseptic

Uses

■ Hand sanitizer to help reduce bacteria that potentially can cause disease.

Warnings

- Flammable, keep away from fire or flame
- For external use only

Do not use

■ On children less than 2 months of age ■ On open skin wounds ■ When using this product, keep out of eyes, ears and mouth ■ In case of contact with eyes, rinse thoroughly with water ■ Stop use and consult a doctor if irritation or rash occurs; these may be signs of a serious condition ■ Keep out of reach of children ■ If swallowed, get medical help or contact a Poison Control Center immediately.

DIRECTIONS FOR USE

Safe for use on any surface not harmed by water.

FIRST USE

1. Remove lid and pull wipe from center of roll.
2. Thread wipe through lid.

MULTI-SURFACE CLEANING

1. Pull wipe at angle and tear at perforation. Close lid.
2. Wipe clean.
3. Dispose of wipe in trash after use. Do not flush in toilet.

ALCOHOL WIPES

Alcohol Wipes are ideal for hard surfaces that need a strong solution to clean and sanitize. Manufactured in Texas and available in an easy-pull, large bucket with 380 or 730 wipes that are 7 x 6.6 inches (17.8 x 16.8 cm).

Cross contamination of hard surfaces happens anywhere people work and play. Manufacturing and industrial facilities, assisted living facilities and nursing homes, doctors' offices, daycare centers, grocery stores, and fitness centers are just a few of the locations where viruses, bacteria and disease can be spread from one hard surface to another. Reducing the spread of germs must be part of a daily routine. The solution: wipe it away!

FEATURES & BENEFITS

- **Convenience:** Exceptional cleaning performance of Every Hand in the form of pre-moistened wipes
- **Multi-Surface Use:** Hands and other surfaces, like desks, fabrics, carpets, walls—any hard surface
- **Simply Clean:** No streaking or residue
- **Easy-Pull-Lid:** Easy to get started and eliminates waste
- 2-packs of refills available for purchase

Uses

■ Quickly eliminate stuck-on dirt, grease, grime, oil, fingerprint and soil from metal, glass, plastic and other non-porous, hard surfaces ■ No water needed ■ Repeat as necessary and discard after use

Warnings

- Flammable, keep away from fire or flame
- For external use only

Do not use

■ On children less than 2 months of age ■ On open skin wounds ■ When using this product, keep out of eyes, ears and mouth ■ In case of contact with eyes, rinse thoroughly with water ■ Stop use and consult a doctor if irritation or rash occurs; these may be signs of a serious condition ■ Keep out of reach of children ■ If swallowed, get medical help or contact a Poison Control Center immediately.

Active Ingredients

ALCOHOL	70%
OTHER INGREDIENTS	30%
TOTAL	100%

DIRECTIONS FOR USE

Safe for use on any surface not harmed by water.

FIRST USE

1. Remove lid and pull wipe from center of roll.
2. Thread wipe through lid.

MULTI-SURFACE CLEANING

1. Pull wipe at angle and tear at perforation. Close lid.
2. Wipe clean.
3. Dispose of wipe in trash after use. Do not flush in toilet.

CARPET/UPHOLSTERY SPOTTING

1. Squeeze a small amount of cleaning solution from wipe onto the spot.
2. Dab to remove the spot, rotating the wipe to a clean area as necessary.
3. Allow to air dry.

GLASS CLEANING

1. Wipe surface completely with a side-to-side movement.
2. Immediately follow with a dry cloth or microfiber to remove excess solution.
