Hand Sanitizer w/Carabiner

1 oz hand sanitizer gel in clear flip top bottle with pleasant citrus scent, hand sanitizer is effective at eliminating over 99.9% of germs and bacteria. The carabiner clips on to briefcases, backpacks and more.

Mask Ear Saver

The ear protector is made of premium grade silicone, super soft and flexible. Take the pressure off by moving ear loops away from your ears, reducing pain from extended mask wear.

Silicone Bottle Holder

Protection cover for hand sanitizer bottle is featured by the non-toxic and harmless silicone material. You can apply this silicone cover to the hand sanitizer bottle, so you can carry the bottle by hands or hang it on your backpack, trousers belt, and you can use the cover when going out.

Clear Window Face Mask

This lip-reading face mask is reusable and washable, double layer cotton fabric with a transparent PET window. People will see your mouth while wearing the mask. Nose fitting metal strip and adjustable ear loop allows it more easily to wear.

Reusable Mask with Face Shield

This is a reusable, cotton mask with eye shield. The cotton material can filter out most particulate matter in the air.

No Touch Tool

Resistant to pollution, made of ABS, these no-touch gadgets are suitable for using in various public places to prevent yourself from pollution. Avoid direct contact with the shared surfaces, resistant to pollution, a must have for everyone.

Disposable Soap Sheets

Stay clean, stay healthy. Paper soap is small and easy to carry.

Hand Sanitizer Dispenser

The dispenser capacity is 12.2oz can be used with foam soap and various types of washing liquids and hand sanitizer.

Wall-mount Hand Sanitizer Dispenser

Automatic hand sanitizer dispenser with built-in precision infrared motion and PIR sensor detection technology. You can avoid cross infection without touching the dispenser.

PPE Kit

This kit features a face mask, protective gloves, hand sanitizer packets, and lens wipes.

Mask Extender

Our one-size-fits-all silicone Ear Savers have adjustable notches and to help keep masks tight and in place, while saving ears from irritation or fatigue.

Chair Back Distancing Bands

Create your personalized message to promote social distancing practices; communicating important protocols to help people feel guided, safe and more comfortable in social settings.

Sanitizer Box

Germicidal UV light eliminates up to 99% of germs and bacteria. Dual UV bulbs sanitize your device in less than 3 minutes. This sterilizer box kills up to 99.9% of common household germs such as staph, e. coli and salmonella.

Handheld Sterilizer Lamp

UV LED disinfection is a physical disinfection principle, which does not produce disinfection by-products. Non-toxic, no residue, no odor, and no secondary pollution. Wide irradiation range, high efficiency, safe and pollution-free.

No-Touch Door Opener

This zero-touch tool is suitable for using in various public places. It is inherently resistant to pollution, made of ABS. Helps to avoid direct contact with shared surfaces.
